

# Summer 2021 Newsletter

# Tools for Empowerment

## Dear Friends of ASAP,

This Summer Season has overwhelmed us with tool donations! Our Newnan Recycle Center is full of everything from hammers to table saws to industrial sewing machines. Our community very much rallied throughout the season to bring us tools that will make a huge difference for young trade school graduates.

## New This Season

**Check Out Our New Signs!** A big thank you to Mrs. Amber Acree for creating new signage to better locate our Recycle Center! The signs not only welcome our volunteers but they also remind us just how integral our local community is to the international community of Tools for Empowerment.

**Father's Day Tool Drives** Tool drives, volunteer days, and other events were held in honor of Father's Day, to benefit Tools for Empowerment. Thank you, Hopewell United Methodist Church (Tyrone GA), Holy Trinity Catholic Church (Peachtree City GA), and the Sun City Civitan Club (Griffin GA) for your organization and generosity collecting and transporting donations to the Recycle Center. We are also thankful to ProHealth Physical Therapy & Pilates Center (Peachtree City GA), the Word of God Lutheran Church (Sharpsburg GA) and the service ministries from St. Mary Magdalene Catholic Church (Newnan GA) (pictured below) for help in restoring and packing the donations.

## Looking Forward

**We Need Volunteers!** The Recycle Center is expanding volunteer hours and we need your help in restoring and packing tools for our upcoming shipment. Currently, we are scheduling groups on Wednesday mornings and Saturdays. We are happy to work around your schedule too! Please help us prepare your generous donations and get these tools into the right hands. If you are unable to get down and dirty with us, we have remote volunteer opportunities as well – please message us for details on how you can help change lives, one tool at a time.

## Thank You

**To our volunteers, donors, and community** Thank you for your continued support to provide opportunities for women and youth, around the world, to become self-reliant. Each tool you donate does far more than its respective function: it assists a trade school graduate in beginning a career that will sustain their families and communities; it teaches our local students the importance of recycling and giving to a greater cause; and it connects our families with families thousands of miles away. We could not make any of this happen without you! Your support and enthusiasm are appreciated and we are humbled to be a part of your lives.

*Thank you for your continued support in changing lives, one tool at a time.*

*Very best,  
Angela Carrasco  
Director of Communications*
