

# Winter 2021 Newsletter

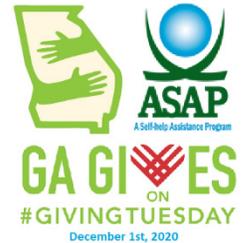

# Tools for Empowerment

## Dear Friends of ASAP,

Even with the uncertainty of 2020, ASAP persevered in our mission to create self-reliant individuals and communities both internationally and locally. We are proud of all we have accomplished and could not have done this without people like you!

## New this Season

**ASAP's Year-End Campaign Raises Almost \$8,000!** We are always humbled and grateful for the support we receive from our generous donors, and this season was no exception! Our year-end campaign is a final push to meet our fundraising goal and start the new year on the right foot. Between our loyal donors, some new faces, and support from the Coca-Cola Foundation, we were able to raise the money needed to keep our workshop running and get tools in the hands of new graduates worldwide.

## Looking Forward

**Look Out for Our Updated Website** We are proud to receive the support of a very talented student from the University of West Georgia's Small Projects Program in overhauling our website. We are confident the updates will make it easier to navigate, learn, and give and cannot wait to see what this young woman comes up with!

**Volunteer Opportunities** We are open for volunteering! We have lots to do both at the workshop and remotely and need your help to accomplish our goals. If your group or student is looking for volunteer hours, please contact us for options. From restoring donations to restoring our workshop to restoring our listservs, there is always something to do at ASAP.

**Garden Tools Needed** Prepping for that Spring garden? Please keep us in mind as you look to replace those old garden tools. Our Green Tools for Schools program takes your old garden tools and gives them to schools in our area starting an educational garden. Your donations are always needed!

## Thank You

As winter begins to fade and things start to bloom outside, we very much look forward to blooming alongside our community in 2021. Thank you for your continued interest and support of A Self-help Assistance Program and changing lives, one tool at a time.

*Very best wishes,*

*Angela Carrasco*

Director of Communications
