

# Tools for Empowerment

Fall 2022 Newsletter

## Dear Friends of ASAP,

It's getting colder outside but our hearts are still warm from our wonderful Fall! While we make room in the Recycle Center for continued tool donations and prepare for the future, we want to highlight some awesome volunteers and share how you can play a big role in our next season.

## New This Season

**The Students of the National Honor Society (NHS) at Trinity High School** If you follow us on social media (Instagram: @asapempowers and Facebook: ASAP Empowers), you know that we love our young volunteers. This season, Trinity's NHS students deserve some extra praise! These students braved unbearably hot days, unseasonably cold mornings, and everything in between, while helping us to not only get out our Spring shipment, but also to reorganize the Recycle Center after all those tools were sent! We enjoyed teaching these bright minds and dedicated young people about the global community that they are helping. Their determination and hard work remind us of the young trade school graduates, who will soon begin their path to self-reliance, using the very tools these students are restoring.

## Looking Forward

### Volunteer with us on Wednesdays & Saturdays

Our Newnan Recycle Center is open for volunteers. Come help us restore donated tools and equipment for trade graduates around the world. Sanding not your style? We are always looking for other opportunities to connect with our community! Hold a tool drive, help us with inventory, or simply be an ASAP advocate by spreading the word about all the work ASAP and our volunteers accomplish every year. Contact us with your ideas and availability. Let's get to work!

**Raise \$10,000 by December 31st** We want to end the year with a bang and your donations will help us do so! We have big plans for 2023 and need your continued support of our efforts to create independent communities around the world. Donations of \$100 or more will receive a Flame Lily bulb as our 'thank you'. The Flame Lily is the national flower of Zimbabwe, where ASAP first called home. We share its fiery blooms with you to bring a bit of our roots to those who continue our legacy.

## Thank You!

We enter the holiday season with vigor for the future and thankfulness for our past. Our community continues to amaze us with its unwavering support and enthusiasm for our mission of changing lives, one tool at a time.

*With Grateful Hearts,  
Elizabeth Bara,  
President. ASAP Empowers*
